DISCONTINUATION NOTICE

July 24, 2020

PB20-07#2.0

Effective immediately, TBGW-D P/N 85110 and TBGW-EX 85120, range 0-100% LEL Methane (standard), are no longer available. As such we regret that we are no longer able to accept orders for these parts.

TBGW-D gas detectors P/N 85110 replacement product is:

- OLCT 10, **0-100% LEL** CH4 range, P/N OLCT10-002

TBGW-EX gas detectors P/N 85120 replacement product is:

- OLCT 100, **0-100% LEL** CH4 range, P/N OLCT100-XP-002-1
or alternatively
- iTrans2, **0-100% LEL** CH4 range, P/N ITRANS2-1B200

Spare sensors for TBGW-EX are also subject to obsolescence. Your Teledyne Oldham Winter technician will offer you the best solution for replacement in case spare sensor would not be available anymore.

For more information on these products or this bulletin, please contact your sales representative or email us at gasandflamedetection@teledyne.com.

Sincerely,

François AMPE
